

Hea lugeja!

Kutsume Teid kaasa retkele, mis annab lühikese ülevaate ühe Järvamaa omavalitsuse ja tema kodanike loost. See lugu ei püüagi olla täiuslik, kuid siiski haarata seda, mis on olnud kättesaadav raamatu autoritele.

See on meie esivanemate ja meie lugu, mis väärrib talletamist ja edasi rääkimist. Teades seda, kust me tuleme on kergem näha seda, kuhu me teel oleme. Meile eelnenud põlvkonnad on pidanud tulema läbi erinevatest raskustest, et me saaksime näha tänast päeva. Samas on nende elus olnud ka palju rõõme ja kordaminekuid, mida käesoleva raamatu lood jutustavad.

Eri põlvkondade kokkupõimunud lood ühendavad meid üheks rahvaks, kes siin Eestimaal toimetab. Loodame, et väljakutsete kõrval pakub tulevik Koigi valla kodanikele ka rohkesti rõõme ja kordaminekuid.

Siinkohal täname kõiki tublisid kaasaitajaid ja raamatu eestvedajat Kaie Altmetsa. Ilma Teieta ei oleks seda raamatut olnud.

Dear Reader,

We invite you to a journey which will give you a small summary of the story of one Järva county's parish and its citizens. This story is not to be perfect; its aim is to grasp what has been available to the authors and bring it to you.

This is the story of our ancestors and us. It was worth to be written in this book and it is worth to be told to others. When we know where we come from it is easier to see where we are heading to. Our predecessors have gone through difficulties so that we could see today. On the other hand they have had their joys and accomplishments which are told in this book. The together bound stories of different generations bring us together as one nation. We hope that together with challenges the future will provide us with lots of joy and accomplishments. At this point we thank all of you who have helped to write and publish the book and special thanks go to Kaie Altmets. Without the efforts of all of you there would have been no book.

Chairman of the Parish Council
